Reston Town Center
Parking Code Instructions

As a guest of comScore, we have secured a code for you which will cover the cost of parking in one of the Reston Town Center garages during your visit. Your code will be valid for a 6-hour period beginning at the time of your arrival. Please follow the instructions below in order to use your parking code when you arrive.

1. Make sure you have the parking code provided in the confirmation email that was sent to you.

2. Make sure you know your license plate number or have it handy, as you will need to enter this information as well.

3. Please refer to the Reston Town Center parking map attachment to view the garages available, and choose one to park in. You can park in any of the public garages but we recommend the Orange or Blue lots as those are closest to our building.

4. Once parked, if you have downloaded the Park RTC app, you may use that to enter your license plate and parking code for validation.

   If you do not wish to download the app, please find one of the parking machines located in the elevator lobby of the garage you parked in and enter the license plate and parking code information there. Please note the parking machines for the Orange garage are located near the elevators of the Library Street entrance only.

5. Please be mindful of the 6-hour window of time you have until validation ends to avoid any additional charges.

Thanks for visiting comScore and please let us know if you have any questions or concerns.
